201-888-3965

I am running for Auburn City Council for a variety of reasons...

Here are the **BASICS**:

Believe – Common sense solutions, sensible spending by government and supporting citywide services.

Auburn – Returned to my hometown. Renovated the “Hardy Homestead”, a Chapman Ave. residence that has been in my family since 1905. I’m anxious to give back to the community.

Stimulate – Encourage more cooperation at all levels of City government. Continue building teamwork between the City and County for good government and economic growth.

Involved – I am currently serving on the Auburn Civil Service Commission, Westminster Presbyterian Church Elder and property committee, NAACP Executive Board, Board of Directors Hospice of the Finger Lakes, Owasco Watershed Lake Assoc., and the Cayuga Community Fund.

Cultivate – City government should partner with citizens, capitalizing on sensible ideas fostering growth. Advocating a shared commitment, and encouraging volunteerism.

Sustain – Protect and preserve the vitality of neighborhoods throughout the city. Small playgrounds and parks need to be refurbished. By investing in our neighborhoods pride and a sense of community become the result.
